

Italian 2/2H capitolo 8 la casa

### La nostra casa di vacanza

You and a partner run a real estate office in Rome. Spring break is approaching and several Roman families have come to your office. Although each family has requested to rent a home they each have different preferences and requirements.

Your task is to:

- Choose a town or city in Italy where the family will vacation.
- Choose a type of home for them to rent. (no hotels!)
- Write a description of the home
- Write a brief description of activities the family can do while on vacation there based on actual locations in the town.
- Include real photos of the home and town.
- There should be a minimum of 4 slides plus a title slide
- There should be a minimum of 25 words per slides

You may use Google Slides to create your presentation. Use Google Maps and screen shots to take pictures of the town and homes. Share your work with your teacher.
